**Erie County Correctional Facility Education**

**Sheriff Timothy B. Howard**

13190 Park St.

Alden, NY 14004

Provider-Alden Central School Program Director--Nancy Rusinski nrusinski@aldenschools.org  
716-937-5593

Erie County Correctional Facility has approximately 750 inmates-sentenced and un sentenced. Ages range from 16-adult. The majority are males with approximately 100 female residents. On a daily basis, approximately 95-110 IY are at ECCF. Because we are also a un sentenced facility, numbers and students change daily. Our programs serve the youth as well as the adult population. Program offerings are: ABE, TASC, high school instruction, transition, computers, career counseling, ESOL, and life skills.

This year a new program offering has been added to our Education Department. We are working with Erie County Community College. ECC is providing instruction in Per-Collegiate studies in math and ELA. The purpose of this program is to prepare students so they can pass the college entrance exam. The program is offered to TASC students as well as those who already have a High School Diploma.

In 2015 we gave the TASC test to 52 students; 49 passed.
